

❀=== Jikiden Reiki North American Congress ===❀  
October 19,20 2019 in Vancouver, Canada

I would like to reiterate our goal and intention for the Congress.  
This Congress is a very rare event and a special opportunity to hear from many unique and experienced speakers. It's unlikely that there would be similar events of this kind in the future.

Why was Usui Reiki Ryoho born from Japan and not from another culture? Simply, the core concept of Reiki is deeply rooted in Japanese culture and society. (Japanese philosophy)

Chiyoko was one of the last students of Hayashi sensei. We have this great opportunity to learn and listen from Chiyoko sensei's students and people who had known Chiyoko sensei.

I would like to strongly recommend attendance of this event to hear memories of Chiyoko sensei.

Chiyoko sensei learned Reiki in 1938, before the Japanese philosophy was largely influenced by Western philosophy.

You will learn the attitude toward Reiki teachings the time before it had been influenced.

Experiencing a bit of Japanese culture and learning ancient Japanese philosophy which will give you a more concrete base of Reiki teaching in your daily life.

Meeting with Gabrielle who has successfully established the Jikiden Reiki Association in Canada, will allow you to bring knowledge back to consider establishing a similar Association in other parts of North America.

I am originally from Japan and have been living in Canada for many years, having experienced living in both cultures, I can see what created the "lost in translation" and the lack of understanding in some parts of the original Japanese Reiki in North America.

Yamaguchi family took so much courage to re-establish the original Japanese Reiki, the Reiki without Western influence.

Our goal of this Congress is to conserve the integrity of Jikiden Reiki in North America and beyond.

If you ever have a chance to visit Japan, you will experience the spiritual influence in their daily routine and makes it easier to understand what I meant to say.

I wish I had better words to describe.

Dear Jikiden Reiki teachers,  
Please let your students know our mission and invite them to the Congress.

If you have any questions, please message me or any Congress planning team members, Mari Okazaki, Paul Sexton, Marius Bocu, Shoko Kawamura

Thank you very much.  
Yasuko Tedaka (Sue)
